Zero to Mastery

SUMMARY

Dynamic and solutions-driven developer crafting impactful applications that optimize workflows and elevate user experiences. Proficient in both front-end and back-end development, specializing in scalable web applications. Experienced in education and leadership roles, bringing effective communication and organizational skills to every project.

TECHNICAL SKILLS

- React
- HTML, CSS & JavaScript
- PostgreSQL
- Node.js
- Express.js
- Tailwind CSS
- RESTful APIs
- Knex.js

PROJECTS

Full-Stack Developer

Supervision Management App

Developed a full-stack web application for managing staff and candidates, featuring role-based authentication and dynamic profile tracking.

- Developed full-stack functionality using React, Node.js, Express.js, and PostgreSQL.
- Implemented role-based authentication, file upload, and RESTful APIs.
- Designed responsive, modern UI with Tailwind CSS.
- Used Context API for managing component interactions.
- Deployed the frontend on Vercel, backend on Render, and database on Neon PostgreSQL.

PROFESSIONAL EXPERIENCE

ESL Program Coordinator – 08/2017 to Present

Universidad San Francisco de Quito

Led academic and administrative operations for the ESL program in a multicultural university setting. Acted as a liaison between instructors, departments, and administrative staff, while supporting the adoption of digital learning tools and modern teaching practices.

- Coordinated curriculum delivery and collaborated with faculty to improve instructional outcomes.
- Led the transition between LMS, supporting staff with training and digital content management.
- Advocated for tech-forward teaching strategies within the Department of Languages.
